*Cars and Options - August 2003*

These specification details do not apply to any particular product which is supplied or offered for sale. The manufacturers reserve the right to vary their specifications, including colours, with or without notice and at such times in such manner as they think fit. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. This publication shall not constitute in any circumstances whatsoever an offer by the Company to any person. All sales are made by the Distributor or Dealer concerned subject to and with the benefit of the standard Conditions of Sale and Warranty given by the Distributor or Dealer, copies of which may be obtained from him on request. This publicity material applies to the UK only Trade Descriptions Act (1968). Whilst efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specification details with the supplying Dealer especially if your model selection is dependent upon one of the features advertised.

## Honda (UK) - Cars

470 London Road, Slough, Berkshire, SL3 8QY  
Honda Contact Centre - Telephone: 0845 200 8000  
[www.honda.co.uk](http://www.honda.co.uk)

Printed on Recycled Paper

A division of Honda Motor Europe Ltd. No. 857969 Registered in England and Wales

Part No. CARM 0957  
Issue Date: 08/03

A close-up, low-angle shot of the front of a blue Honda car. The image focuses on the hood, the upper part of the front grille, and the Honda emblem. The lighting is dramatic, with strong highlights and deep shadows, emphasizing the car's sleek lines and metallic finish. The background is dark, making the car's body panels stand out.

## Information at your fingertips

All Hondas are designed to excite, inspire and perform. With some of the most advanced technology and best build quality in their class, there is no compromise at any stage, from design to manufacture and beyond.

The same theory applies here. From retail prices to CO2 emissions to recommended insurance groups, this brochure provides all the relevant detail to give you the complete picture, enabling you to make an informed choice for your Honda.

In addition, we've also detailed every available genuine accessory along with its price – inclusive of fitting. This way, not only can you create the car of your dreams, you'll know how much it costs.

? What if you want to personalise your Honda.

Now you can.

So you've chosen your Honda. Why not make it really personal? What about a 6 disk CD changer, tailgate spoiler or front fog lamps?

Whatever Honda you want, we have a comprehensive range of genuine options available. We've also made it easier to choose those that are right for you. By using our simple Options Configurator CD ROM, you can now see what your car can look like – and change your mind as often as you like, until you get the car you want.

With the CD ROM you can:

- See your chosen Honda model
- Change the colour
- Apply accessories to it
- See how your new version compares with the standard model

Once you've built the car of your dreams, you can check the price of each of your chosen accessories over the following pages. Each accessory price is listed inclusive of fitting.

For instructions on how to use the Options Configurator, please refer to the inside front cover of this brochure. If your CD ROM is missing, or if you have any enquiries, please refer to your local Honda dealer.

# ? How personal is your car

Whatever Honda you want, with our Options Configurator you can truly make your car personal to you. This CD-ROM contains lots of genuine accessories for each Honda model, so you can truly build the car you want.

Simple and easy to use, this CD Rom can either be installed on your home computer or run directly from the disk itself. And, once you've built the car of your dreams, you can check how much it will cost, as each accessory detailed on this disk also features its fully fitted price. See page 6 onwards for the fitted prices for all genuine accessories for your car.

+

## How to use the Options Configurator

1. Click on the Options Configurator icon.
2. Choose a model by clicking on the desired car.
3. To change the colour, simply click on your chosen colour and click on 'select colour' for the accessory shop to open.
4. Two standard cars will appear, allowing you to accessorise the top one and compare it to a standard one.
5. Browse through the accessory shop which includes: Packs (2 or 3 accessories sold together), Exterior items, Wheels etc.
6. Click on the relevant box and use the arrows on the left and right of the screen to navigate.
7. To view roof carrying options, click on the bicycle icon on the top left of the screen.
8. Click on your chosen accessory and a description appears. If desired, click on the 'add item to car' button. The accessory will then show on the top car.
9. Continue to accessorise the car as you wish. A maximum of 8 accessories can be added. You can rotate the car to view it from multiple angles by using the three icons at the top left of the screen.
10. When you have finished accessorising your Honda, click on the 'How much?' tab and you can see a National Fitted Price of the items you have chosen.
